PATENT

Serial No. 10/092,857

Amendment in Reply to Office Action of June 12, 2006

Amendments to the Specification:

Please replace the paragraph beginning on Page 6, line 3, with the following amended paragraph:

The rendering device 110 can be realized as a computer program product 140, illustratively shown embedded on a computer readable medium, the computer program product being arranged for causing a processor to execute the steps described above. The computer program product 140 enables a programmable device when executing said computer program product to function as the rendering device 110. Similarly, the receiving device 130 can be realized as a computer program product 141, illustratively shown embedded on a computer readable medium, the computer program product enabling a programmable device when executing said computer program product to function as the receiving device 130.
